FUNDING OPPORTUNITIES FOR STUDENT RESEARCH EXPERIENCES

At UBC-Vancouver 35% of undergraduate students report participating in a research-intensive activity by the time they graduate\(^1\). These experiences help students feel more prepared for their career, develop research skills, and apply academic learning\(^2\).

The Centre for Student Involvement and Careers (CSI&C) facilitates funding of $2.4 million annually in support of these research-intensive experiences that allow students to explore professional workplaces while receiving mentorship and supervision from UBC faculty members. The CSI&C also provides support to faculty members in their supervision of students during these high-impact experiences.

1. **NSERC Undergraduate Student Research Awards (USRA)**

The [NSERC USRA](#) supports faculty supervisors to hire students to work on research projects in a research-intensive environment.

**Position Type:** Minimum 16 consecutive weeks of full-time (35 hours per week) work in the summer (May – August), fall (September – December), or winter (January – April) term.

**Subsidy:** $4500 subsidy; faculty supervisor to provide top-up to minimum wage requirements (Approximate top-up $3447.80)

**Faculty eligibility:** UBC-V and UBC-O faculty members

**Student eligibility:** Canadian students are eligible - details can be found on the [student-facing website](#).

**Application Information:** Applications open in January at the start of each competition cycle. Connect with your [Faculty/School/Department Coordinator](#) for further details regarding the application process.

**Contact:** For inquiries, please contact [nserc.usra@ubc.ca](mailto:nserc.usra@ubc.ca).

2. **Work Learn International Undergraduate Research Awards**

The [Work Learn International Undergraduate Research Awards](#) create opportunities for students to explore workplace and research skills through a research-intensive placement during the summer (May – August) term.

**Position Type:** Minimum 16 consecutive weeks of full-time (35 hours per week) work in the summer term only.

**Subsidy:** $4500 subsidy; faculty supervisor to provide top-up to minimum wage requirements (Approximate top-up $3765.71)

**Faculty eligibility:** Faculty members from UBC-Vancouver can hire an eligible student for this award

**Student eligibility:** International students are eligible - details can be found on the [student-facing website](#).
